## REPORT OF FOREST FIRE WARDENS

In the past year your local forest fire organization did a very fine job of pre-suppression and suppression of forest fires. Our early spring was very dry and with extra high winds and all our fires were during that period. We find that the general public is still very careless with matches and cigarettes.

In the "Keep America Green" program there is a story of two bad boys who cause most of our forest fires. The first one we call, "I don't care." He is the person that builds fires anywhere, never gets a permit to burn brush or has a safe place for his home incinerator. He is also very careless with matches and cigarettes. The other one is called, "I don't know any better," and the best way to describe him is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our pretty and valuable woodland to be destroyed by fire. Even your own home can be burned by them.

It is up to you and you alone to report these two characters to your local forest fire warden whenever you see them operating. To have our woodlands green and our mountain streams clear, your co-operation is needed by:

1. Seeing that your incinerator is tight and is sitting on clean ground.
2. Always clean a space about any open fire to prevent it from spreading.
3. Never burn in dry windy weather.
4. In all cases a written permit is required from your local town fire warden.
5. Be sure that your matches, cigarettes and pipe ashes are out before discarding.

It is with your cooperation that this shameful waste of timber and money can be stopped.

# Report of Superintendent

---

To the School Board and Citizens of Bartlett:

The small school population distributed over a large area, necessitating the maintenance of three separate buildings for a total school enrollment of only one hundred and eighty pupils is the major factor in the high per pupil operational cost.

The school district budget for 1952-1953 has been carefully planned with this thought in mind. How can the district provide its children with good educational services and facilities and keep the cost down? This is not easy to accomplish without some sacrifices during an inflationary period, but this effort is reflected in the projected budget.

All of our elementary teachers attended a three-day Art Education Workshop at Kennett High School. This was a real experience Workshop in which teachers "learned by doing."

Several of the Bartlett teachers are taking a fifteen-week course in Guidance. The classes are held after school hours and completely paid for by the teachers. These in-service training programs will benefit both teachers and pupils and will broaden and enrich the instructional program.

I wish to express my appreciation to the School Board for their assistance in the administration of school affairs.

DAVID APPLETON

Superintendent of Schools

## REPORT OF SCHOOL NURSE

Dear Mr. Appleton:

I hereby submit my annual report of the health program for the past year, 1950-1951.

Throughout the year I have been able to have the eyes and ears of all pupils tested. There were a few defects and most of them have been corrected or are under treatment.

Children have been able to go to these clinics that have been conducted by the state, and received treatment. Berlin

Orthopedic Clinic, Hanover Clinic, Mental Hygiene Clinic at Concord, North Conway Treatment Center, Chest X-Ray Clinic at Conway, and the State Sight Conservation Program.

Since dental care is a year-round program, we have had many dental defects corrected throughout the year. I notice a drop in teeth defects since the dental mobile was with us three years ago. I am in hopes it will be able to return to us before too long.

Although the attendance at the schools has been very good, we might be able to improve it, if parents would do a morning check, and keep children home during the nasal discharge of the cold, the most contagious time, and it might help to halt the spread of the disease.

I wish to express my appreciation for the help I have received from the members of the School Board, Superintendent, Teachers, P.T.A., Red Cross, Salvation Army, and the State Sight Conservation Program.

Their co-operation has made this health program possible.

Respectfully submitted,

JULIA T. COX,

School Nurse
